

*IPC Eagle and RightChoice Janitorial Supply
invite you to join us for a special*

Window Cleaning Seminar

We will be discussing the new technologies available for window cleaning with demonstrations and a hands on seminar. Presentations will include "traditional" window cleaning methods with a T-Bar/Sleeve and Squeegee as well as the "spray and wipe" method used by most BSC's. We'll discuss the development of the Ultra Pure system followed by an introduction of the IPC Eagle line of equipment.

This will then be followed by a live demonstration of the Ultra Pure systems from IPC Eagle including the HydroTube, HydroCart and Hydro Station. Those attending will be able to test and practice on the equipment.

Time: 10:00am - 12:00pm

Where: Church of God in Christ

4777 N 32nd, Milwaukee, WI

Date: July 28th, 2014

Cost: \$25

Lunch will be served at noon
